I'm a self-taught, full-stack developer, that went headfirst into coding and fell in love with the first lines of code I've written! Started coding around July of 2020, with JavaScript. Right now, I am Good with Backend and Managing API interactions. Currently Pursuing B.E. in IT. I like to Code, Design, Innovate and Experiment. I am an enthusiastic and social person who loves to take up new challenges and learn new skills. I love meeting new people, exchanging ideas, and spreading knowledge and positivity.
